\$4.30	43.50%
\$4.34	44.00%

AFC Worldwide Express will continue to review the cost of fuel, and reserves the right to adjust our fuel surcharge based on the national fuel index. This review will take place monthly and will be published on our website. The monthly rate will be calculated on the national average from two months previous; example: May 09 will be calculated using March 09.

Note: This fuel surcharge chart does not apply to International outbound or inbound shipments.
